

We recently needed a new deck. We called upon CAPCO construction who responded immediately. We went over our specifications with Frank, and we are very pleased with the outcome.

We were thrilled that Frank and his team were here on the day he said he would be. They were very professional, and worked with care and concern. Upon completion, the yard was totally cleaned, and the deck looks beautiful.

I would recommend Frank and his team to anyone.

Your truly,

Ken & Violet Grenier.
