To Whom It May Concern:

This a brief letter to inform you about the fence we had erected by Capco in the spring of 2007. We are extremely pleased with the service and professionalism displayed by Frank Caputo from the initial appraisal visit to the last clean up. Our property descends from the front to the back approximately four feet and my wife and I were presented with two fencing options. Frank recommended the "sloping" strategy as opposed to the "staggered" option. We are very happy with the results as the fence offers us both privacy and security. Our property was vandalized late in the fall of 2006. Since the fence has been up, we have not had any acts of vandalism on our property.

I endorse the work from start to finish completed by Frank Caputo regarding our fencing project. I can be reached at 253 2494 to discuss details regarding the contents of this letter.

Regards,

Jim Pedatella
